

Straddling the South China Sea, Malaysia splits into two powerhouse regions:

- **West Malaysia** (Peninsula)—where Kuala Lumpur's skyscrapers, Port Klang's mega-terminals and Johor's electronics belts drive ASEAN trade.
- **East Malaysia** (Borneo)—Sabah & Sarawak's oil & gas hubs, palm-oil plantations and eco-tourism gateways like Kota Kinabalu.

Our **DDP (Delivered Duty Paid)** program treats both halves as one seamless market:

- **Sea Freight Door-to-Door:** 15-20 days after Guangzhou/Shenzhen departure—15 days to West-Malaysia addresses, 20 days to East-Malaysia towns.
- **Air Freight Express:** 3-5 days direct to your warehouse or retail spot in KL, Penang, Kuching or Kota Kinabalu.
