Below are the FAQs for Air Freight from China.

What is Minimum charge weight for air freight shipping?

The Minimum charge weight is 45KG for air freight shipping, and air rates are based on volume or gross weight, whichever is greater. In order to calculate the volume of a shipment, the dimensions of each piece are required.

How can I track my air freight package?

To track your air shipment online, simply visit your specific carrier's website, enter the necessary information to locate your order, and get an up-to-date tracking history.

Do I need to buy insurance for my air freight?

In the event of an unexpected problem, it's important to have transport insurance on your items. SWWLS freight forwarder is happy to offer transport insurance with rate 0.3% that will sufficiently protect your items in the unlikely event of damage, loss, or theft.

What documents are required for air freight from China?

Packing lists, Commercial invoices, Airway Bill, Certificates of origin are all used for customs clearance at the port of destination.

What is your shipping schedule? Can you provide an estimated delivery time?

We provide on-time global air freight services and flexible delivery times based on flight schedules. Our express services can deliver to most destinations around the world within a few days, while standard freight services are usually provided on fixed weekly flights.

Do you provide cargo packaging services?

Yes, we provide professional cargo packaging services, customizing the packaging solutions according to the nature of the goods and transportation requirements. For fragile goods, we use special packaging and reinforcement measures to ensure that the goods arrive safely at the destination.

What additional services do you provide, such as warehousing, distribution, customs clearance, etc.?

We provide a range of value-added services, including warehousing, sorting, customs clearance and last-mile delivery. These services can be customized according to your specific needs, and the fees will be calculated based on the content and duration of the service.
