Sunny Worldwide Logistics introduces our new Caribbean Connectway service, providing a reliable and efficient sea freight solution from Shanghai and Ningbo to key Caribbean destinations. With a transit time of approximately 55 days, this service is designed to meet the needs of businesses looking to ship goods to the Caribbean efficiently and cost-effectively.

## **Introduction to the Caribbean Connectway Service**

As the Chinese New Year approaches, many factories in China will be closing for the holiday season, starting from February and peaking on February 16th, which is the Lunar New Year. This presents an opportunity for businesses to plan their shipping schedules in advance to ensure uninterrupted supply chains<sup>1</sup>.

## **Service Details and Benefits**

Our Caribbean Connectway Service offers fixed first and second leg allotments from Shanghai and Ningbo, ensuring a stable transit time of approximately 55 days to final delivery. We offer strong acceptance for small cargo and shipments under 500 kg, ensuring that your goods reach their destination promptly and securely<sup>2</sup>. Our competitive rates for both volumetric and heavy cargo make us a preferred choice for businesses of all sizes<sup>3</sup>.

## **H3: Air-to-Air Transit Options**

We provide air-to-air transit to Caribbean airports, enhancing our connectivity and offering a more direct shipping option. This service is particularly beneficial for businesses with time-sensitive goods or those looking to bypass potential congestion at major ports<sup>4</sup>.

## **Customer Case Study: Cost-Effective Shipping**

A client in the electronics sector faced challenges with fluctuating air freight rates during peak seasons. By choosing our services, they were able to secure more predictable and cost-effective shipping options, leading to improved operational efficiency and customer satisfaction<sup>5</sup>.
