What is DDP Service?

DDP, which stands for Delivered Duty Paid, is a comprehensive logistics service that covers all aspects of the delivery process. Under this service, the seller is responsible for arranging and paying for the transportation of goods to the buyer's specified location, including all costs and duties. This means that the buyer receives the goods at their doorstep, with all customs clearance and import duties already taken care of.

Our DDP service to the Philippines takes the hassle out of importing for you. We handle all the necessary procedures, from arranging transportation and customs clearance to paying import duties and taxes. This allows you to focus on your core business activities, while we ensure that your goods are delivered smoothly and in compliance with all regulations.

In summary, our Air Freight DDP Service to the Philippines, combined with our sea freight options and warehousing facilities in Manila, Cebu, and Davao, provides a complete and efficient logistics solution for your imports. Choose us for reliable, hassle-free, and comprehensive logistics support to the Philippines.
